

Women Rock the World

The power Feminine gives birth to us all
(everyone one of us, everyone of us, everyone)
Her essence divine nurtures every mind, body and soul
(with purpose, love and trust, purpose, love and trust, love and trust)
Oh, my sisters, lucky are we
To come to Earth as an incredible SHE

Chorus: Women, women, women rock the world
Women, women, women rock the world,

We cradle babies, run a business, ride a rocket in space
(Get the job done, get the job done, get it done)
Yeah, girls, plow a field, close the deal, cook a meal, solve the case
(Each to her own drum, each to her own drum, her own drum)
We're serving in wars, we're working for peace
We heal, we preach, we teach, we lead

Chorus:

Bridge:

Rachel Carson, Rosa Parks, Malala, Frieda Kahlo, Misty Copeland,
Helen Keller, Katherine Johnson,

My Mama, your Mama, our grandmothers too
And me and you and you and you and you and you and you and you

Chorus:

Women, women, women rock the world,
Women rock, women rock, women rocking, rocking. repeat
