

# Jingle Your Heart

I'm gonna jingle, jingle your heart for Christmas.  
I'm gonna deck the halls and trim the tree.  
I'm gonna string up all your lights, and make them shine so bright  
To show you just how much you mean to me.

I'm gonna jingle, jingle your heart for Christmas  
And rock you underneath the mistletoe  
I'll fill your pretty stocking, and when the carolers come knocking  
They'll sing you every Christmas song they know.

jazzy instrumental verse

I'm gonna jingle, jingle, jingle your heart for Christmas.  
Til everywhere you turn you'll here bells chime  
And every bell you hear, will sing to you so clear  
Joy to the World this Christmas time!

I'm gonna jingle, jingle, jingle your heart for Christmas.  
And New Year's Eve we'll dance the night away.  
I'll be holding you when we ring in the New  
And Loving you forever and always.  
I'll be holding you when we ring in the New  
And Loving you forever and always.  
Jingle, jingle!
