

Blissed

In loving memory of Kaaren Engel Hirshcowitz

I am blissed
by the edge of dawn creeping in my window
Bright light in hues of hope
For a sweet new day

I am blissed
By the sound of life coming though my window
Bringing all of the Kin-dom
To my open heart.

Blissed, I am blissed! Blessed and filled with Bliss
How can life be any better than this?
I am blissed!

Blissed with gratitude, blissed with experience
Blissed with just enough sorrow to be real
Blissed with the love of warm community
Blissed with another sunrise!
I am simply blissed.
